

WORKSHEET OUTPOST | Kindergarten Math

Counting to compare small sets

OW-K-021 | Five questions

Success criteria

I can match or count the objects to show which group has more, fewer, or the same number.

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. Count each row. Which row has more, or do they have the same number?

A ○ ○

B ○ ○ ○

2. Count each row. Which row has more, or do they have the same number?

A ○ ○ ○ ○

B ○ ○

3. Count each row. Which row has more, or do they have the same number?

A ○

B ○

4. Count each row. Which row has more, or do they have the same number?

A ○ ○ ○

B ○ ○ ○ ○

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
